

As a nation, we have a great deal to celebrate when it comes to the achievements of our people and in particular, our young people. The success of SEA students in Tobago is a prime example, and COLFIRE is pleased to commend 20 of this year's students for their remarkable accomplishments.

COLFIRE remains steadfast in its mission to promote academic excellence, and for the past 17 years, has been doing so through its financial scholarship award initiative. Each year, successful SEA students are provided with financial rewards towards future studies.

COLFIRE's vested interest in ensuring the continued success of this programme goes hand-in-hand with its overall commitment to the future of Tobago.

We wish to extend sincere thanks to our policyholders and the Tobago community for their continued support. COLFIRE reaffirms its commitment to providing industry leading products and services for the benefit of all Trinidad and Tobago.
